Growth & Fruitfulness

A strategy for ministry amongst
children and young people

Published by the
Children's and Youth
Team of the diocese
of Newcastle

VISION

The children and young people of the diocese
playing their part in the whole Church by:

Growing Deeper

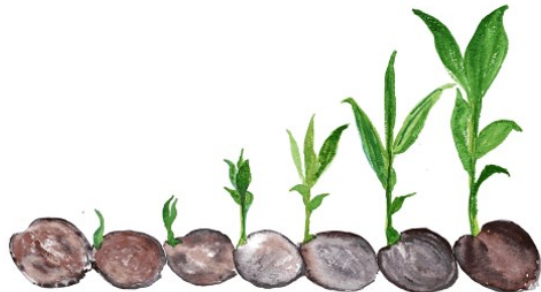

Children, young people and adults developing authentic, real, transforming, lifelong faith journeys.

Growing Larger

Every church reaching more children, young people and adults with the love of God.

Growing Together

Children, young people and adults becoming more integrated as they grow in relationship with each other.

We believe that we can realise our vision by:

Nurturing Disciples

To foster identity as children of God

To nourish faith development, particularly from initial encounters to deeper discipleship

To encourage faith sharing

To develop understanding of initiation rites, sacraments, liturgy, language

Enabling Parishes

To listen, accompany and build confidence amongst volunteers and clergy

To provide strategic support to deaneries and parishes
